

# L<sup>A</sup>T<sub>E</sub>X

L

## Introduction

- The goal of this template is to give the conference from Wireless Foundations a uniform “look-and-feel”.
- The source that created this document is a good starting point if you are trying to make a conference paper or just want to play around with the layout.
- Since there are very few WYSIWYG L<sup>A</sup>T<sub>E</sub>X editors, editing this template will necessarily involve a lot of trial and error, viewing and manually resizing the boxes. The advantage is that your formulas and so on will look better. The disadvantage is that it takes much longer.
