

List of Tables

3.1	Summary of sample sites with dominant upstream soil and land use.	14
3.2	Interquartile range and medians of nitrogen ^a concentrations (mg L ⁻¹) in waters and sediments.	33
4.1	Groundwater and surface water sampling sites in Beerburrum Creek and Six Mile Creek sub-catchments with dominant land use.	54
4.2	Ranges and averages of DIN, chloride and the stable isotopic signatures of DIN and water.	64
4.2	Ranges and averages of DIN, chloride and the stable isotopic signatures of DIN and water.	64
