

This is some text<sup>1</sup>, with<sup>2</sup> footnotes.<sup>3</sup>

---

<sup>1</sup>Author1. *Book title1*. Year1.

<sup>2</sup>”Normal” footnotes also appear.

<sup>3</sup>Author2. *Book title2*. Year2.

How can I make the footnote number associated with the reference be printed along with the reference? (First entry should be numbered 1 and second numbered 3.)
